

FIFTH YEAR.

MAYSVILLE, KY., TUESDAY, JUNE 16, 1896.

ONE CENT.

If you have friends visiting you, or if you are going away on a visit, please drop us a note to that effect.

Miss Sallie Wile is visiting at Fairmount.

Miss Bessie Johnson is visiting the Misses Green at Danville.

Mrs. E. H. Hensel is at home after a visit to relatives at Glasgow Junction.

Mrs. Marion P. Hill of Dayton has been the guest of Miss Essie Hutchins for the past few days.

Hon. Hanson Kennedy of Carlisle is in the city, engaged in the Ellis will case now on in the Circuit Court.

Hon. Robert B. Buckler of Mt. Olive is one of the attorneys in the Ellis will case, now on trial before Judge Harbeson.

Mrs. James Stewart and son have returned from a visit to her sister, Mrs. Elmer Bridges, in Allegheny City, Pa.

County Clerk William D. Cochran, who is one of the Assistant Secretaries of the National Convention, left yesterday for St. Louis.

Miss Martha Stevenson left yesterday afternoon for Pittsburgh, and after a short visit in that city will visit friends at Cleveland, San Francisco, Toledo, Columbus and Chicago before returning home.

Rev. E. B. Calk will preach at Franklin Seminary, Fernside neighborhood, Sunday, June 21st, at 11 a. m.

Regular meeting of DeKalb Lodge, I. O. O. F., this evening; and there may be something to interest the members.

The infant daughter of Rev. and Mrs. N. G. Grizzle died this morning at 1:10 o'clock. Rev. Bradford will preach the funeral tomorrow morning at 10 o'clock at Sedden M. E. Church.

The remains of the late Mrs. Hamilton Gray will reach here from Paterson, N. J., at 4:35 this afternoon, and will be taken direct to the Church of the Nativity where funeral services will be held by the Rector, Rev. D. D. Chapin.

The Richard Ellis will case is on trial in the Circuit Court. Mr. Ellis was a merchant at Mt. Olive, who left an estate of some \$15,000, and it looks very much, from the array of legal talent on each side, that, no matter which way it goes, the lawyers will get the elephant's share of it.

The Maybrier family, consisting of mother, seven children, a dog and about enough household plunder to fill a wheelbarrow, passed through town Tuesday morning labeled for the County Infirmary. The husband is in jail on charge of theft. This family has been living on Lawrence creek for some time, marauding on adjacent residents and occasionally extending their incursions into the city. With them it has seemed to be a case of "steal or starve," and they are more to be pitied than punished.

FOR THE "ROOTERS."

Two Games This Week That Will Be Interesting.

Thursday.

Friday.

The Bond Hills, one of the best all round organizations of amateurs that cuts figures on the baseball horizon around Cincinnati, will be here the two above named days for a couple of games. And they are coming to win, too!

Elberger, the little pitcher whom Maysville released just before leaving on the Knoxville trip, will be the twirler for the visitors the first day.

He is out for revenge, as he seems to think he was treated badly by our boys.

Well, if there is any way to get satisfaction out of Newton or Lever he is welcome to all he can get.

BULLY FOR BRADLEY

He Speaks Out on the Greatest Question of the Day.

Governor Bradley some weeks ago withdrew from the Presidential pool,

And has since then been in the race only in the columns of Democratic newspapers whose policy has been and always is to create dissensions in the Republican ranks.

But Governor Bradley is at St. Louis; and he is there to use his influence for the benefit of the Republican party and of the Nation.

He is doing this in the most positive way, as evidenced by this telegram to The Cincinnati Post:

St. Louis, Mo., June 15th.
Editor Cincinnati Post: I am against the free and unlimited coinage of silver; for the gold standard and for the word "gold" in the platform. I believe in calling things by their right names, and not expressing a thought in words that say one thing and mean another.

W. O. BRADLEY.

LIKES KENTUCKY GIRLS.

A New Yorker Who Was Smitten With Mason's Beauties.

The Oswego (N. Y.) Palladium of June 11th contained this notice which has a local interest:

"Mr. Albert E. Malby of the First National Bank returned yesterday from spending his vacation with his uncle, Colonel R. R. Malby of Washington, Ky. He thinks Kentucky, with its fine macadam roads, a most beautiful country, and although he is not making many comparisons, to his close friends he says that while other productions have made the Bluegrass country famous, its girls easily take the lead as old Kentucky's finest product."

Mrs. Fannie Purvis of Ringo's Mills has been granted a pension.

It has been many years since our citizens have had such an opportunity for enjoyment as will be afforded by the outing of the P. O. S. A. at the Fairgrounds on Saturday, July 4th.

Miss Victoria LeRoy, a handsome and daring young lady ardent, whose picture appears above, will make a balloon ascension, and when 6,000 feet above the earth she will leap from her airship, descending by means of a parachute.

This of itself is an attraction worth going miles to see.

At the Fairgrounds the exercises will begin by a return to the good old fashioned custom of our grandfathers of reading the Declaration of Independence.

And there will be many other pleasant features for the entertainment of visitors, among them—

Good Music:

A Splendid Street Parade;

Greased Pig Race;

Potato and Sack Races;

Slow Mule Race;

A Cake Walk;

Bicycle Races;

And so forth.

Admission, 25 cents; ladies and children, 15 cents.

Mr. Will Nute, son of Mr. E. D. Nute, while at work at Peoria had his thumb and two fingers of his right hand so badly mashed that amputation was necessary.

If it required an annual outlay of \$100 to insure a family against any serious consequences from an attack of bowel complaint during the year there are many who would feel it their duty to pay it; that they could not afford to risk their lives, and those of their family for such an amount. Any one can get this insurance for 25 cents, that being the price of a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. In almost every neighborhood some one has died from an attack of bowel complaint before medicine could be procured or a physician summoned. One or two doses of this remedy will cure any ordinary case. It never fails. Can you afford to take the risk for so small an amount? For sale by J. J. Wood Druggist.

HOT WEATHER SERVICES.

How the Churches Have Arranged Matters For the Summer.

During the summer months of July and August it has been the custom heretofore for our Evangelical Churches to hold Union Services at night in one Church, instead of having all the churches open and only a few attend each one, and the Pastor of the Church where the services are held to do the preaching.

Yesterday afternoon the Pastors' Union decided on the following program for the two months:

First Sunday in July—M. E. Church, Rev. W. G. Bradford.

Second Sunday in July—Central Presbyterian Church, Rev. W. O. Cochran.

Third Sunday in July—First Baptist Church, Rev. I. P. Trotter.

Fourth Sunday in July—M. E. Church, South, Rev. J. S. Sims.

First Sunday in August—First Presbyterian Church, Rev. J. S. Sims.

Second Sunday in August—Church of the Nativity, Rev. D. D. Chapin.

Third Sunday in August—M. E. Church, Rev. W. G. Bradford.

Fourth Sunday in August—M. E. Church, South, Rev. J. S. Sims.

Fifth Sunday in August—First Baptist Church, Rev. I. P. Trotter.

WE'RE FOR AMERICANS!

CLEVELAND is unmistakably in error in his tariff views, but he's as sound as a gold dollar on the financial question.

The Republican Bandwagon in the coming campaign will be a Golden Chariot. The Democratic Hearse will be silver-plated.

COUNTING in clerk hire, mileage and incidentals, a member of Congress now receives a total of about \$12,500 for his two years' service. DANIEL WEBSTER used to get for the same period \$3,325. The expansion in the pay has at least kept up with that in the statesmanship.

It appears from an official statement that the annual sale of beer and ale in the United States has increased from \$5,000,000 in 1876 to \$36,000,000 at the present time, which seems to show that the efforts of the prohibitionists are conducive to a growing taste for malt beverages.

It must go hard with an old Kentucky Democrat who never scratched the party ticket in his life to find himself in the Populist camp with old principles flung to the winds. The Democratic label on a Populist platform will not catch a man unless he is ready for party disorganization.

THE gold reserve, which just after the last bond sale mounted up to about \$130,000,000, is now "wobbling" dangerously near the \$100,000,000 mark. No wonder, with withdrawals of from \$2,000,000 to \$5,000,000 a week to pay for the goods that were made at home under the McKinley Tariff and that are now made in Europe under the Democratic Free-trade Tariff. It ought to be quite easy to understand why the present financial mismanagers are unable to maintain the gold reserve.

The outflow of gold continues at an alarming rate and the prospects are that it will increase rather than diminish. The strength of the free silver movement is undoubtedly operating to make the withdrawals larger daily and the depletion prevails in the Treasury Department that the rush for gold will become so great if the Chicago Convention nominates a free silver candidate on a 16 to 1 platform that the reserve will be in danger of exhaustion before Congress meets in December.

There is a great deal of curiosity being manifested as to what course the Administration will take in case the reserve sinks so low during the summer that the credit of the country will be threatened. Many predict a call for a special session, but there are others who assert that President CLEVELAND feels that he has done all he could do to preserve the financial honor of the Nation and that Congress having repudiated his views, Congress must take the responsibility for whatever disaster may come. Secretary MORTON gave a good indication of what the temper of the Administration is when he said in an interview that sound money men could but feel that partisanship must give way to patriotism and patriotism must not permit a true American to vote for a policy which he believed would wreck the country's credit.

If this is the temper of the Administration and there is hardly room for doubt about it, it is considered more than likely that President CLEVELAND will not think of calling an extra session unless it should become imperative necessary, but will prefer to allow the result of the election to be influenced by an object lesson of what might be expected to follow the election of a free silver candidate, by the monetary agitation which even the prospect of such an outcome stirred up.

NEVER mind, boys; we'll all be in the Bandwagon before this time next week. Then let's see who will do the most to help our team beat the other fellows.

THERE were 246 failures in the United States during the past week. There were 241 during the corresponding week last year. It will be interesting to watch this statement of failures next year, when the country will have an American Administration—when our money will be kept at home to pay for American goods made in American factories by American workmen.

The people of the United States are heartily in sympathy with the Cubans who are struggling to throw off the tyrannical yoke of Spain; but the Pope has sent a very expressive letter to the Queen Regent in reply to a paragraph in her speech to the Cortes, referring to the attitude of His Holiness towards Spain. The Pope says with respect to Cuba:

"We thank your Majesty for fresh testimony of your religious sentiment and devotion towards the Apostolic See. We repeat with all our heart our wish that God may give victory to the Spanish arms in favor of your throne and Catholic Nation."

Deafness Cannot be Cured
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous membrane of the Eustachian tube. When this tube gets inflamed you have a running nose or imperfect hearing, and the deafness is the result, and unless the inflammation can be taken out of this tube and restored to its normal condition, hearing will be destroyed for ever, which is nothing but an inflamed condition of the mucous surface.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

A woman never really knows the meaning of happiness and content until she is the mother of a healthy, happy child. The health of the child depends on the health of the mother, before and after birth. Most of all women's weakness and particularly the weakness that causes female diseases, is due to a general weakness of the system. Dr. Pierce's Favorite Prescription will cure this weakness, and restore the mother to her normal health and content.

FOR THREE.

A Triple Bicycle Built by a Butcher—Resultant News.
LEXINGTON, Ky., June 16.—Hannibal Bushignall, a local butcher, has just completed the construction of the smallest triple bicycle in the world, a task which 35 of the best cycle factories in the country refused to attempt, much stating that the labor was too great. The frame of the wheel is five feet long and 17 inches tall, while the wheels are 14 inches in diameter. Bushignall manufactured every portion of the machine except the wheels, which he purchased at the factory. He has worked steadily on it at night for the past six months. The wheel will be ridden by three sons, John, Hugo and Leo, aged respectively seven, eight and nine years. Bushignall will celebrate his accomplishment by giving his bicycle friends an outing.

BLAND'S AGENT

Is Feeling the Pulse of the Free Silver Men of Kentucky.

LEXINGTON, Ky., June 16.—Col. Richard T. Gentry, of Sedalia, Mo., is here as an emissary of Hon. Richard P. Bland. He is feeling the pulse of the Kentucky delegation to the Chicago convention. His aim is to secure for the Missouri candidate the vote of Kentucky after it has been cast for Blackburn. Speaking of the situation Monday, Col. Gentry said: "I am not at all surprised that the next president of the United States will be a free silver democrat, and that democrat will be R. P. Bland. His only opponent of strength at this time is Mr. Matthews, of Indiana. The free silver wave has attacked the republican party, and unless the Louisiana convention gives it some attention in its platform, I believe we will be able to draft a tremendous number of votes from the republican ranks."

TWO SHOTS.

One Was for the President of a New York Bank.

The Second Bullet Was for the Would-be Murderer.

A Stranger Called on President Geo. H. Wyckoff and Demanded \$5,000—On Being Refused, He Shot the Man Who Was the Result—Both in the Hospital—Will Die.

New York, June 16.—At half past 12 o'clock Monday afternoon a stranger who gave his name as Chas. Clark, 30 years of age, went into the New Amsterdam bank, at Broadway and 20th street, and asking for President Geo. H. Wyckoff, was admitted to his office. Soon after entering the stranger fired two shots at Mr. Wyckoff and then attempted to kill himself by putting a bullet in his abdomen. Mr. Wyckoff was shot in the side and abdomen. The man Clark presented a letter to President Wyckoff, written on a letter head of the Hotel Marlborough. It contained a demand for \$5,000, and threatened Mr. Wyckoff with death unless he furnished the money. The letter also stated that the bearer had a partner outside the bank who had Mr. Wyckoff "coerced," and that if he made any alarm or refusal to give the money, a stick of dynamite would be thrown into the bank that would blow up the building.

President Wyckoff refused Clark the money and the latter then shot him. The police believe that Clark is insane. At the New York hospital it was said Clark had been in the city for some time, and that he had been shot in the abdomen, penetrating vital parts. Mr. Wyckoff is very low. Clark is shot through the stomach and is also very low. He refused to say anything about himself. Mr. Wyckoff is too weak to talk. Both men will probably die, the hospital authorities say.

BLUEFIELD, W. Va., June 16.—At the house of James Sizemore, two miles and a half from Pocahontas, at a place called "Oak Chestnut," Joseph McKenney, alias Joseph Pugh, was shot and killed by a man named Wood. James Sizemore found a corncob, which McKenney was smoking, and fired a shot at him. McKenney returned the shot, and Wood started away, but returned to the house, saying he intended to kill McKenney up. McKenney grabbed a skillet from the stove and knocked Wood down, falling on him. Wood had his revolver in his hand and fired two shots, both taking effect, one in the neck, the other near the heart. McKenney died immediately. Wood made his escape. John Lambert, who is claimed, is an accessory, is in jail at Pocahontas.

GOLD STANDARD

A Majority of the Resolutions Committee in Favor of It.

Twenty-two States Elect Members Pledged to the Yellow Metal.

Vote in the Convention Will Come First on a Free Coinage Plan in the Voted Down and Gold Substituted—Candidates for Vice President.

ST. LOUIS, June 16.—Gold has carried the day. This assertion, made by the United Press by Senator Henry Cabot Lodge, at a new press conference, after the adjournment of the convention, and the financial situation and overturned several of the plans which had been formed by those who expected a different result. Mr. Lodge figured that 22 out of the 45 states now forming the union had each selected a member of the committee on resolutions favorable to the gold standard and that two or three western states were likely to follow suit, thus ensuring a clear majority.

HON. C. W. FAIRBANKS, TEMPORARY CHAIRMAN.

The Ohio men somewhat reluctantly recognized that Mr. Lodge was speaking by the ear of Mr. Cleveland (O) Recorder, who has made a specialty of fashioning the views of the Ohio leaders on this matter, say ex-Senator Foster and asked him if he did not know that the people all through northern Ohio were for silver. He replied: "The people of Ohio are republicans and they will stand by sound republican doctrine. Free silver is a heresy and they do not want it." Gen. C. H. Grosvenor, who is regarded as almost the mouthpiece of McKinley, said: "The platform will be all right. There will be no occasion for the east to complain on that score. It will be discussed a good deal more, but is really settled just the same that the declaration will be gold."

And even Mr. Mark Hanna could not dispute the fact that the gold standard plank was in the ascendant. It is somewhat singular that Illinois, which turned the scale in favor of McKinley by instructing for a gold plank by the delegates, voted 4 to 4. The action of the Idaho state delegation may perhaps be significant of an intent to bolt. It selected all the usual members appointed by state delegations except some one to wait upon the nominee for president and vice president. Beyond this and the exceedingly so money plank adopted by the committee, a delegation who favored "gold, silver and paper kept on a parity" was turned down. Mr. Wm. M. Hahn, so long a potent factor in Ohio politics, disappeared from the list, as did the well known Jas. S. Clarkson, of Iowa, and ex-President Harrison's friend, J. N. Huston, of Indiana. Mr. Chauncey I. Wiley, of Missouri, sustained another defeat at the hands of his opponent, Mr. Kerekes, and Col. Wm. Lamb, chairman of the republican state committee of Virginia, and leader of the Reed forces in that state, was compelled to retire from the national committee in favor of the greenback holding different views.

There is really little warmth or earnestness in the canvass here for the vice presidency. All candidates await a sign from the prophet from Ohio. Mr. Mark Hanna and Mr. Hanna, it is said, has intimated to at least one prominent aspirant that it is not his purpose to make any sign until after the nomination of Maj. McKinley becomes an assured fact. A condition of things. It is alleged, places at least one prominent gentleman in a rather embarrassing position. Mr. Robert, of New Jersey, was elected to succeed Senator Smith in 1899, but he would still rather be vice president of the United States. He really realizes that no candidate for the vice presidency can succeed without the active support of Maj. McKinley's friends and before clashing his senatorial aspirations by exhausting his claims upon his party friends in a canvass to a finish for the vice presidency, he desired to hear more definitely from Ohio than he has been able to do, "where he is." Mr. Evans, of Tennessee, pursues his canvass with no such hampering considerations to hold him back. He has declared in favor of using the word "gold" in the platform, and claims to have received much encouragement from the Vermont, New York, Illinois, Wisconsin, Indiana and Illinois delegations.

Ex-Gov. D. Russell Brown, of Rhode Island, opened headquarters in the reading room of the Southern Hotel this morning and began a distribution of vice-presidential buttons. He thinks New England and New York are in a place, and expects the support of the New England delegations.

Mr. Mark Hanna has prepared the tariff plank of the platform. It will be actively protective and will be drafted to distinctly reflect Mr. McKinley's views. It will not demand a restoration of the rates of duty of 1891, but will refer specifically to that law known as "the McKinley law." All personal reciprocity measures are to be dropped. The Fifty-first congress will be avoided. It will call for such an increase in duties as will apply properly to the American manufacturer and farmer from foreign competition. The platform will contain special reference to the wool industry. It will recite the benefits which the wool grower enjoyed under the McKinley law, and it will advocate a restoration of the rates which were in vogue when the present law was enacted.

It will contain a strong declaration favoring a restoration of the duty on sugar. It will point out that the practicability of growing sugar beets successfully in the United States has been demonstrated and it will assert that the expansion of this industry will materially aid the farmers and increase the value of their land. It is suggested that the sugar schedule should provide for free sugar with a bounty of two cents a pound to the growers of the domestic product as was the case in the late 1880s. Some of the republican leaders object to the bounty provision and are urging that the paragraph relating to sugar shall merely stipulate for an adequate protection to the American grower.

The Merchant American Marine Association is laboring industriously to secure the insertion of a plank imposing a duty of ten per cent, ad valorem, on foreign ships in the United States that are not transported in American bottoms. It will be shown that such a policy was in operation in the best times of the United States, during which period an average of about 90 per cent. of American commerce was carried in American ships, while to-day, with no protection on American ships competing with foreign steamers manned by sailors poorly paid and treated, the American commerce is carried in our own ships. N. H. Alexander, of Montgomery, Ala., has been chosen to second McKinley's nomination. Alexander is a colored man and is said to be an eloquent speaker.

Samuel Fessenden, of Connecticut, who, in addition to being Connecticut's national committeeman and member of the committee on resolutions, has been chosen to preside to the convention the name of ex-Gov. Morgan T. Bulkeley for vice president, says his remarks will show the ex-governor as the best gold standard representative. "We have won the fight. Gold is the victor. The committee on resolutions will declare for a gold standard and that declaration will be adopted at the convention." Such was the statement made at one o'clock Monday afternoon by Senator Lodge of Massachusetts. He continued: "Since the conference we held Sunday night, I have heard returns from many of the states that have elected their members of the committee on resolutions and we now know exactly where we stand. The states that have elected members of the committee on resolutions pledged to a gold standard are as follows: Maine, New Hampshire, Vermont, Massachusetts, Rhode Island and Connecticut, a solid New England, New York, New Jersey, Pennsylvania, Maryland, Delaware, West Virginia, Wisconsin, Minnesota, North Dakota, Oregon, Washington, Tennessee, Kentucky, Nebraska, Illinois, and the District of Columbia. This makes 22 states.

ST. LOUIS, June 16.—The morning before the meeting of the convention opened with the leading topic in the minds of the delegates, not the selection of candidates, but the nature of the financial plank to be adopted. It seems clearly settled that the fight over this question will be carried from the committee on resolutions to the floor of the convention. The committee, under the leadership of its chairman, ex-Gov. Foraker, will sustain the "Ohio law" of declaring in favor of maintaining the existing standard, not specifying what that standard is. The eastern members, under the leadership of Senator Henry Cabot Lodge, will insist upon defining the existing standard as a gold standard. This proposition being gold voted down in committee, as it probably will be. Mr. Lodge and ex-Senator Platt will take the matter into the convention and demand a roll call vote, as to place each delegation distinctly on record. Massachusetts, Maine, Connecticut, Rhode Island, New York, New Jersey, New Hampshire, Wisconsin, Minnesota and Tennessee have given in their adhesion in advance to the Lodge-Platt programme.

This proposition being gold voted down in committee, as it probably will be. Mr. Lodge and ex-Senator Platt will take the matter into the convention and demand a roll call vote, as to place each delegation distinctly on record. Massachusetts, Maine, Connecticut, Rhode Island, New York, New Jersey, New Hampshire, Wisconsin, Minnesota and Tennessee have given in their adhesion in advance to the Lodge-Platt programme.

ST. LOUIS, June 16.—The morning before the meeting of the convention opened with the leading topic in the minds of the delegates, not the selection of candidates, but the nature of the financial plank to be adopted. It seems clearly settled that the fight over this question will be carried from the committee on resolutions to the floor of the convention. The committee, under the leadership of its chairman, ex-Gov. Foraker, will sustain the "Ohio law" of declaring in favor of maintaining the existing standard, not specifying what that standard is. The eastern members, under the leadership of Senator Henry Cabot Lodge, will insist upon defining the existing standard as a gold standard.
